

G-Track Pro

Professional USB Microphone with Audio Interface

USB MICROPHONES

POSITIONING

Samson's G-Track Pro is a complete recording solution for capturing vocals and/or instruments. Ideal for musicians, podcasters, gamers and streamers, the G-Track Pro is a multi-pattern USB condenser microphone, audio interface and mixer all in one. Delivering up to 24-bit, studio-quality sound with zero-latency monitoring, the G-Track Pro is all you need from start to finish.

FEATURES

It's A Mic

Easily connected to any Mac or PC device via USB, the G-Track Pro features dual 1" (25mm) condenser capsules within a solid die-cast enclosure. The mic offers three selectable pickup patterns (cardioid, omnidirectional and bidirectional) for handling a variety of recording applications. The G-Track Pro comes with a heavy-duty desktop base that can be adjusted for optimal mic placement.

It's An Interface

With the G-Track Pro, singer/songwriters can quickly capture vocal and instrument performances simultaneously with one device. Simply connect the mic via the included USB cable (no driver installation required) to your digital audio workstation software and you're ready to record. G-Track Pro features a standard 1/4" instrument input for recording guitar, bass, keyboard and other line level devices.

And It's A Mixer

The G-Track Pro features a built-in mixer with independent Mic and Instrument volume controls to customize your mix. The 1/8" stereo headphone output provides zero-latency monitoring complete with advance monitoring mix controls. It also features a Mute button that silences the input signals when needed, which is ideal for podcasters and gamers.

APPLICATIONS

- Music recording
- Podcasting
- Gaming / streaming

SPECIFICATIONS

Element Type	Dual back electret condenser
Diaphragm Width/Thickness	25mm/3 microns
Polar Pattern.....	Cardioid (unidirectional), bidirectional, omnidirectional
Frequency Response	50Hz–20kHz
Sensitivity.....	+6dB FS/PA (all polar patterns)
Max. SPL.....	120dB SPL
Bit Depth/Sample Rate.....	16 or 24-bit/Up to 96kHz
Digital Output.....	USB
Headphone Output/Impedance.....	1/8" (3.5mm)/ 16Ω
Headphone Power Output	85mW @ 32Ω
Instrument Input/Impedance	1/4" 1MΩ
Controls	Mute, Mic/Instrument/Headphone Volumes, Monitor On/Off, Mono/2 Track
LED	3-color Power/Clip/Mute
Body Construction/Grille	Die-cast zinc/heavy gauge mesh
Accessories.....	Integrated desktop base, USB cable
Product Dimensions.....	4.5" x 10.5" diameter (116mm x 268.5mm diameter)
Product Weight	3.52lb (1.6kg)
Gift Box Dimensions	10.75" x 6" x 5.75" (228mm x 185mm x 63mm)
Gift Box Weight.....	4.5lb (2kg)
Master Carton Quantity.....	8
UPC (US only).....	809164020738
SKU (US only).....	SAGM1UPRO
